LOCATION

Barcelona, Mediterranean essence and urban exclusivity

Barcelona is a city where style, history and creativity come together naturally. Internationally famed for its Catalan Art Nouveau architecture, culture and cosmopolitan spirit, it boasts a unique lifestyle on the shores of the Mediterranean.

Just minutes from its most exclusive avenues, such as Passeig de Gràcia and Rambla Catalunya, lies Sant Antoni, a neighbourhood which reflects the city's new energy: authentic, contemporary and vibrant.

Seamlessly connected to the rest of Barcelona, Sant Antoni blends the character of local life with cutting-edge design, surrounded by shops, cafés and spaces where tradition and modernity converge to create a sophisticated and genuinely Barcelona urban experience.

Designed to suit your lifestyle

The flats have been devised using an innovative concept of **transformable spaces: sliding panels and concealed furniture** allow an open-plan space to be turned into two double bedrooms with en-suite bathrooms in a matter of seconds.

The beds are built into ward-robres, the dressing rooms serve as distribution hubs and the kitchen is hidden behind panels to be used only when needed.

This ingenious system turns each home into a flexible, bright, contemporary and stunning space catering to an urban and cosmopolitan lifestyle.

PROJECT

FINISHES

Every detail is a mark of quality

**Finishes which make a difference.
Each property reflects a carefully
crafted signature design in which
nothing has been left to chance.**

The interiors are clad in fine materials—walnut, Guatemalan green marble, microcement and sand-coloured artisan tiles—coupled with chrome and brushed bronze details which lend a sophisticated touch.

The furniture and bedding have been crafted exclusively for this project by Àbag Studio: British green velvet sofas, walnut tables, natural wood dining chairs and 600-thread-count Egyptian cotton sheets.

This attention to detail makes each flat a true designer home.
